

UN-BC56H

Portable MINI WIFI Battery Camera

Support Hotspot Connections
 Built-in 6 Invisible LED Infrared Lights
 Alarm Information Push
 Professional and Customized WiFi Antenna
 Continuous working time 6 Hours
 Powered by 1300mAh lithium battery
 5V1A

Model NO	UN-BC5-6H
Image sensor	1080P
Minimum illumination	0 Lux
Day and night mode	Double Filter Automatic switching
Lens	2.8MM million HD lens
Viewing angle	120°
IR Distance	10 Meters
Connection Network Protocol	HTTP, FTP, TCP/IP, UDP, SMTP, DHCP, PPPOE, DDNS, UPnP
Wireless rate	150Mbps (Max)
Wireless connection AP	Support
Wireless network	2.4GHzIEEE 802.11b/g/n
Video Compression Format	H.264
Video frame rate	25fps,15fps
Audio	Support, built-in mic,G.711
Motion detection	Support
Alarm	Support motion detection alarm push to phone APP
UPnP	Support
P2P	Support

Storage Features	Support Micro SD card storage, Max 64G, up to 7 days recording
Infrared lamp	Invisible 4 infrared LEDS
Battery	1300MA
Power	DC 5V/1A
Working time	6 Hours
Bracket	360°rotating bracket
Working environment(humidity)	20% to 85% (non-condensing)
Working environment(temperature)	-10 ° C ~ 60 ° C
